You will sign an investment management agreement giving us this authority. This agreement will remain in place until you or we terminate the relationship according to the terms of the agreement.</p> <p>We generally require a minimum amount of \$1,000,000 of assets under management. This minimum may be waived in certain situations.</p> <p>For additional information about our advisory services, please see Items 4, 7, 13, and 16 in our Firm Brochure.</p> <p>Questions to ask us:</p> <ul style="list-style-type: none"> • <i>Given my financial situation, should I choose an investment advisory service? <p>Fees, Costs, Conflicts, and Standard of Conduct</p>	<p><i>What fees will I pay?</i></p> <p>Fees are computed as a percentage of the market value of assets under management for the quarter. That market value is an average of the market values on the last day of each of the three months in a calendar quarter. Market value is based on trade date valuation and includes accrued interest. Our standard fee schedule ranges from .75% to 1.50% depending on the market value of the investments in your account. Our fees vary and are negotiable. Fees are payable quarterly in arrears and may be automatically deducted from your account or may be paid directly to us by check or wire. Our investment management services are continuous but may be terminated at any time by either party upon written notice. Fees due at termination will be prorated to the date of termination.</p> <p>Our incentive is to increase the market value of your account over time which will increase our fees over time.</p> <p>You may incur brokerage commissions, transaction fees, short-term trading fees, and administrative charges imposed by custodians and broker-dealers.</p> <p>We may use mutual funds or exchange-traded funds to fill specific portfolio needs. If we use these funds, you will incur the fund's management and administrative fees, plus our investment management fees.</p> <p>You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.</p>
